

The Percostar percolators are semi-automatic coffeemakers which function according to the percolator principle. Therefore, it is possible to produce large quantities of coffee in a relative short time. The coffee will be kept warm as long as the machine is switched on. The percolators do not require water fixed connection.

The equipment, which is completely made of stainless steel, has a well-formed polished exterior and is supplied with a modern designed tap with sight glass.

6,5 L - 10407

12 L - 10412

15 L - 10417

BENEFITS

- + Unique temperature regulation: coffee stays fresh for a long time
- + Large quantities of coffee in a short time
- + Heating element of stainless steel
- + Easy to clean
- + User friendly
- + Polished stainless steel
- + Modern designed tap with sight glass

ACCESSORIES

- + Filter paper round (500 sheets) for ANIMO Percostar
 - Ø 195 - Animo Percostar 3 and 6,5
 - Ø 230 - Animo Percostar 12 and 15

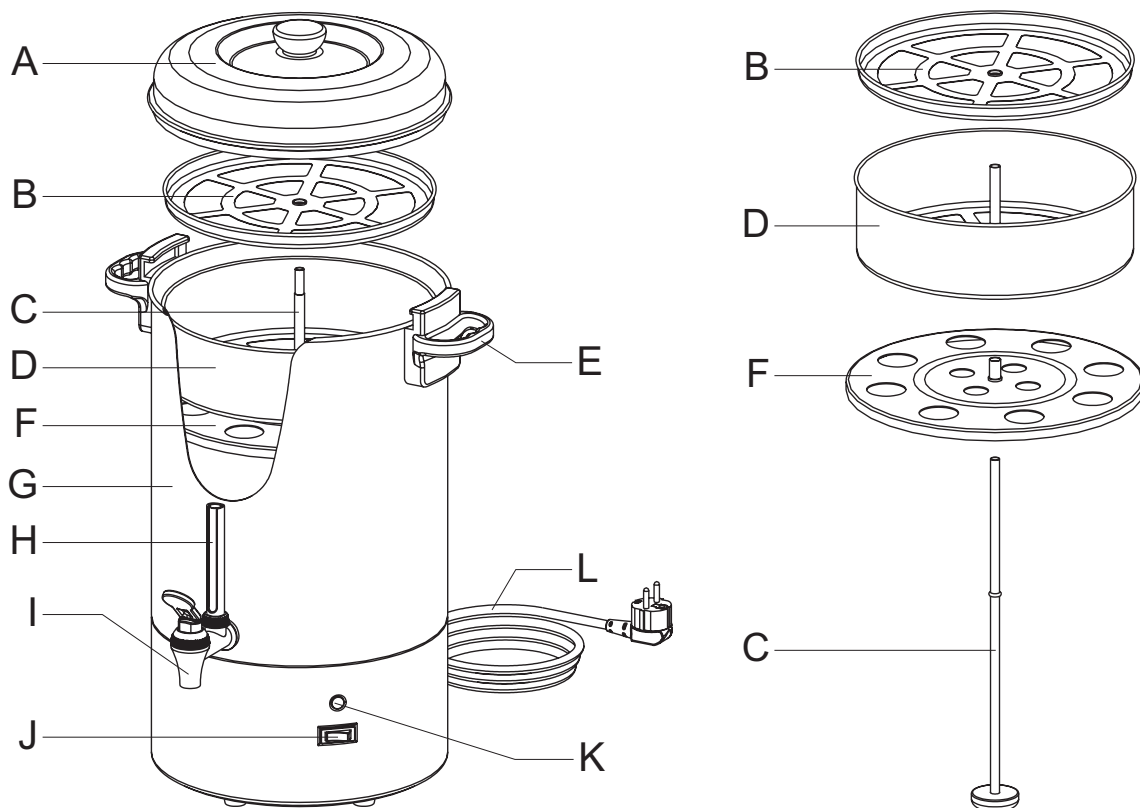

3 L - 10403

Percostar

- A - Lid
- B - Lid for filter basket
- C - Percolator pipe
- D - Basket
- E - Handle
- F - Grate
- G - Reservoir
- H - Sight glass
- I - Tap
- J - On/Off switch
- K - Indication light
- L - Cable with plug
